

JACK LINK'S

Aquatic & Activity Center, est. 2018

This facility is a monument to the magnificent community of Minong, Wisconsin. Its strong, hardworking and faithful people built our businesses, and this center is a small token of our family's profound appreciation for them.

We give thanks to God, from whom all blessings flow, for His benevolence that made this structure and its extraordinary amenities possible.

We also thank the Jack Link's Aquatic & Activity Center board of directors: Scott Hill, Bob Holman, Joe Radzak, Jesse Sondreal, Mark Witmer and area civic and business leaders for their tireless efforts that turned our idea into a reality.

The mission of this facility is simple: to promote health, wellness, fun and fellowship in beautiful Northwest Wisconsin. We pray that this charge is kept always and that this center remains a resource for generations to come.

We look forward to enjoying the Jack Link's Aquatic & Activity Center with you. We are sincerely grateful for the great privilege of belonging in this wonderful community.

With great thankfulness,
Jack, Mary Jo, Troy and Lorissa Link
