

# JACK LINK'S

## AQUATIC & ACTIVITY CENTER

Est. 2017

Founded to support a healthy and vibrant community, the Link family honors its home of Minong and surrounding communities for supporting the family and their respective businesses. The center was built with purpose and passion to promote health, wellness, education fun and fellowship in the beautiful and proud Northwoods community.

On behalf of the Link family, we give thanks to the board members and community leaders for fearlessly leading the planning, construction and ongoing commitment to support the Jack Link's Aquatic and Activity Center.

*"Minong is home; our roots forever run deep here and the Jack Link's Aquatic and Activity center serves as a place of fellowship to honor you, our people, our community. From our family to yours, thank you to our beloved community of Minong for your continuous support to our family business."*

*—Jack and Mary Jo Link*
