Soil cover installed, intrusive activities prohibited.

WARNING

The property depicted on this marker is a former industrial area with soil and groundwater impacts. Remedial measures have been employed at the site to address contamination and the property is subject to deed restrictions intended to protect public health from the remaining impacts. Sitewide restrictions include limiting the property to passive recreational or nonresidential use, prohibiting unauthorized extraction and use of groundwater, soil management requirements and building construction limitations. Individual areas subject to additional restriction and the nature of the restrictions are further illustrated on this marker.

See Liber ___ and Page ___, Liber ___ and Page ___, and Liber ___ and Page ___
Saginaw County Register of Deeds for complete versions of the Declarations of Restrictive Covenant.
