

# COACH LARRY BISHOP FIELD HOUSE

**This building is named in honor of Coach Larry Bishop.**

In 1979, Coach Bishop landed in Double Springs as the Head Football Coach at Winston County High School. Over the next fourteen seasons, Bishop's Yellow Jackets went 94 and 62 and made the state playoffs nine times. He retired with more wins than any other Football Coach in school history. However, Coach Bishop's tremendous success on the field, pales in comparison to the positive influence he had on the hundreds of football players he coached throughout his career.
