**A Message from Matt's Dad...**

Some of my fondest memories are on the ball field coaching a very young Matthew to play baseball and teaching him about life experiences. As I watched him grow into a young man, we both learned to respect and appreciated each other as player & coach and father & son. I will always cherish these moments we shared together, they are held forever in my heart. It is with great sadness I say treasure today, for no one knows what tomorrow will bring.

*Love, Dad*

To those who play on this field, embrace the game of baseball with the same drive and passion as those who came before you. Honor and appreciate the spirit of winning and losing just as our son Matthew did, play hard and never quit. Respect your coaches, team mates, and opponents.
